

AllTrades

GROUP

About Us

All trades Group recognised the difficulty in finding the right people with the right resources at the right time to get the job done. This gap in the market allowed All Trades Group to establish a one-stop solution. Overtime All Trades Group has built an extensive team of qualified tradesman and business professionals successfully operating across the east coast of Australia.

All Trades Groups objective is to become the preferred provider of all trade services and project management across the east coast of Australia. That be insurance, commercial, maintenance, labour hire and residential work.

All Trades Group delivers quality work and exceeds the standard. All teams understand and abide by relevant Australian Standards, the Building Code of Australia, placing particular importance on Workplace Health and Safety. All teams are trained in Risk Assessment and Work Methods.

All Trades history of success is attributed to the high quality of tradesman and resources available to them, as well as the continued support and hard work from upper management and operational leaders.

Meet the team behind All Trades Group...

Casey Pearman Kearns
Owner & Director

Starting out on the tools, Casey knew working on jobsites was just the seed to his future success. From a one man gig working on his laptop to a force of qualified tradesman, operational managers and business professionals there is no job too big or small. It is Casey's way of thinking that inspired the beginning of the All Trades Group and to this day it is his passion and drive that keeps the mission alive.

Brent Walker
General Manager

As the General Manager of the All Trades Group, Brent oversees all of the company's operations. Brent has a knack for inspiring, growing and developing people in all types of teams. His early career as Depart Manager to Operations Manager at Bunnings Warehouse made the switch to All Trades Group seriously smooth. This man goes beyond his title and takes the team with him.

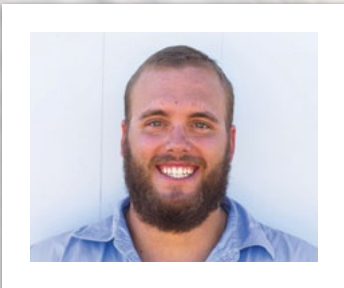

Jayne Henshall
Administrative Manager

For the last 15 years Jayne has been the Administrative back bone of each business she has worked for. From forecasting to figures and managing accounts, Jayne knows it like the back of her hand. Starting out by Casey's side Jayne has watched the team grow and built the office up from the ground.

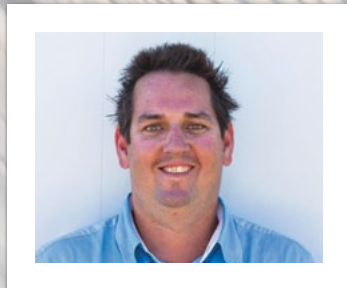

Sean O'neil
Operations Manager

As Operations Manager Sean oversees all project operations. After years of experience in the building and construction industry Sean established his own Carpentry business. However, project management is where Sean's passion lies and it shows in every procedure he puts in place. Also, he is a bit tech-savvy and is using technology to revolutionise the way he polices the force.

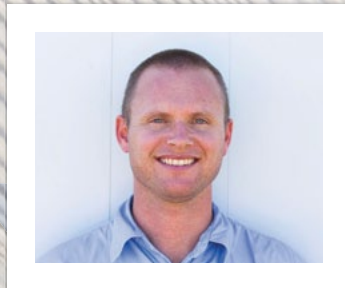

Luke Roughead
Account Manager

Luke has worked with award winning builders to installing camps for major mining companies in the Pilbara region. He uses his knowledge from the ground and his qualifications to stand as one of the most efficient Account Managers there is.

Matt Allan
Account Manager

From building project homes to Director of large scale resorts and hospitals, Matt has played a key role in a number of National Building Projects. In all projects, big or small, Matt is not afraid to get his hands dirty and that's why he is one of the best Account Managers in the industry.

Darren Woodall (Snowy)
Account Manager

Darren, was one of the first working tradesman's for the All Trades Group. As the newest edition to the Account Management team, Darren has strategically used his onsite skills to build a serious advantage in managing jobs for the All Trades Group.

Insurance Work

All Trades Group has a team that can be called upon in an emergency situation to complete the works required to make a crisis situation safe for the occupants. We can assess the situation and make sure the area is safe. We then work with the insurance companies, once assessment has been made, to bring the building back to its original state. We specialise in repairs from storm / fire / water damage, burglary, vandalism, plumbing and painting.

Crisis & Makesafe

Over the last few years tragic weather and natural disasters have been occurring around Australia. All Trades Group have identified the need for a team of experts to be available to assist victims in these situations. A supervised team of licensed technicians assess and complete the work as required. We handle all types of disaster situations from leaking ceilings to full reconstruction. We specialise in making the area safe until the insurance companies process the assessment of the situation.

Landlord & Real Estate Property Services

All Trades Group provides a dedicated maintenance service for landlords with privately owned properties all across the East Coast of Australia. We offer a range of professional services involved when renting a property out including the required legal safety inspections together with the general upkeep and property maintenance to tenants on behalf of the landlords at the start and throughout the tenancy rental agreements. We are the main contractor for a number of local real estate agencies carrying out repairs and emergency call outs when required. Our dedicated team who specialise in body corporate rental maintenance contracts provide landlords with a priority service.

Resort Services

All Trades Group are currently the main maintenance team for one of the largest and most prestigious resorts on the Gold Coast. We work closely with the head engineer and resort managers on a daily basis providing resources to any repair or maintenance work that is required. We can be on call to assist with all types of handyman jobs from moving furniture to total revamp of a building. Our pricing structure ensures the resorts the most competitive rates and also have the benefits of on-site workmen. The resorts can then look after their customers and leave the maintenance work to the experts.

Labour Hire

All Trades Group can be hired out to you wherever you need them to work. We put together a team which best suits your requirements, with their own tools, they go on site and complete the job. From cleaning gutters, gurneying driveways to carpentry and plastering, there is no job too big or too small.

Line Marking

All Trades Group specialises in a wide range of line marking services to cater for any job from industrial and commercial to residential. Our experienced line marking team use the best techniques and machinery in the industry to give you the highest quality results.

Painting

All Trades Group can provide you with quality painters that can work within your required time-frame guaranteed. Our painting team are highly experienced and efficient and will always leave your premises clean and tidy. Our team have experience in full refurbishments and have the ability to be able to complete the work in an environment where working/holidaymakers can go about their business as usual.

General Construction

Our general construction team cover all aspects of building and renovations. We have the experience and knowledge to give our customers the highest quality workmanship while keeping our prices competitive. As we have various types of skilled workers to call on, we can provide the expertise required for all types of building and renovations.

Handyman Services

Anything from removing pen marks off walls, helping with removal of furniture to completing a full reconstruction involving major repair works.

Carpentry & Cabinet Making

We have specialist cabinet makers in our team available to repair, build or install kitchens and cabinets. We also have the ability to customise cabinets and kitchens as per desires. We work with you to provide the best outcome for the client. When it comes to materials, design, budget and overall building of any cabinetry, we work together so that the client has the finished product they wanted at the lowest possible price.

Landscaping

We have qualified landscapers to work with the client to achieve the results they are looking for. Our team also offers a service to maintain areas as well. Our team is headed by Jacqueline, an experienced horticulturalist who runs a team of 10 people. We maintain a large number of body corporate blocks, and also specialise in new home landscape designs.

Electrical

Our team of electricians are all experienced and fully licensed. They can offer you, not only quality electrical work but also a safe, quick and practical solution.

Plumbing

Our plumbing team are all experienced, highly skilled professionals who can fix any problem you may have. They also have the ability to help you lower your water costs and impact on the environment with water conserving plumbing upgrades.

Roofing

Our tradesmen are experienced in installing new and reparation works on roofs.

Pool Maintenance

We currently maintain a large amount of pools, including major hotels. We have a specialist who will come out to your property and assess what is required to bring your pool water back to what it should be. We carry out all maintenance around the pool surrounds keeping the client informed on any problems which may arise.

Rubbish Removal

We can supply workman at very competitive prices for large and small companies to clean debris from properties and sites. Our skilled workman pride themselves in quality cleaning and will not leave a site until the requested works have been completed.

Tiling

All Trades Group have a skilled tiling team who can install new tiles and also provide repairs and refurbishments to existing floor, wall and roof tiles. Our team have worked in the most prestigious resorts on the Gold Coast allowing holidaymakers and works to carry on while they complete the job.

Concreting

All Trades Group have a team of skilled concreters experienced in slab designs, driveways and similar works. We place importance on the quality of works from organising the concrete to finishing the finer details.
